Technical specifications

ENGINE	
Engine	MB L7e
Model version	M75
Engine number	3CG
Type approval	ACVYB0
DRIVETRAIN	
Motor and drivetrain features	3CG - electric asynchronous (induction)
Maximum power	13 kW - 17 hp
Maximum torque	57 Nm
Engine speed at max. torque	From 0 to 2100 rpm
Propulsion type	Electric
Drag co-efficient (SCx/Cd)	0.64
ACCELERATION PERFORMANCE	
Energy recovery device	Yes
AC maximum power	6KW
Remaining autonomy indicator	Yes
Description	Gauge on the dashboard
Alerts	Sound when 1/8 energy remains. Sound when 1/16 energy remains (+ when the battery energy reaches 5% the engine power limits to 15KW)
Economy mode assistance	Yes
Max speed (mph/kph)	50 / 80
50 m standing start (seconds)	6.6
0-45kph (seconds)	6.1
30-60kph (seconds)	8.1
RANGE	
Range ECE -15 UTAC* (miles)	62
Temperate (mild weather, miles)	50
Winter (cold weather, miles)	37
WEIGHT (kg)	
Kerb weight	474 (375)
Kerb weight on the front	206
Kerb weight on the rear	268
Gross Train Weight (G.T.W.)	690
Max payload	115
TOWING	
Towing	Cannot be towed
AXLES	
Front axle type	Pseudo MacPherson - combination coil springs, suspension, bump stop
Rear axle type	Pseudo MacPherson - combination coil springs, suspension, bump stop
Ø stabilising bars front / rear (mm)	Front and rear : 23 mm
GEARBOX	
Gearbox type	Automatic
Type	Gear reduction
Reduction ratio	1:9.23
Number of forward gears	1
WARRANTY	
Vehicle	4 years /100,000 miles - first 3 years unlimited
Drivetrain	4 years /100,000 miles - first 3 years unlimited
Battery	Through battery hire agreement
MAINTENANCE	
Vehicle normal maintenance periodicity (control and maintenance) - specify the concerned parts	Yearly
STEERING	
Type	Direct rack
Turning circle between kerbs (m)	6.8
Number of turns of steering wheel	2.8
BRAKING	
ABS	No
Brake circuit	Simple circuit
Front: solid discs (DP), vented discs (DV) Ø (mm)	DP 214mm
Rear: solid discs (DP), vented discs (DV) Ø (mm)	DP 204mm
TYRES	
Wheel size	13" wheel covers or alloy wheels
Front tyres	125 x 80 R13
Rear tyres	145 x 80 R13
BATTERY	
Battery type	Lithium ion
Battery weight	98kg
Capacity (kWh)	6.1 kWh
From 0 to 100%	3.5 hours
Slow charge (A)	10 amps
Standard charge plug type	3 pin plug

[†] Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Van Tax Benefit in Kind go to www.renault.co.uk

Kangoo Z.E. 33 - Pricing

To make your Kangoo Z.E. 33 as easy as possible all Kangoo Z.E. 33's now come with the battery included.

Kangoo i Z.E. 33 - Battery purchase

- No on-going monthly payments, just one simple payment.
- No mileage limit in the battery contract.
- Battery guarantee*** of 5 years / 60,000 miles, whichever comes first, this includes the battery performance guarantee to at least 70% of its original capacity. Roadside assistance, breakdown only.
- Roadside assistance, breakdown only

* PiVG - Plug-In Van Grant. ** All prices shown are the manufacturer's recommended retail prices. i - Indicates with full battery purchase. ***For full terms and conditions visit <https://www.cdn.renault.com/content/dam/Renault/UK/brand-and-editorial/Aftersales/ZE-warranty-2018.pdf> The "On The Road" price includes delivery to the dealer premises, 20% PiVG, number plates, 12 months government road fund licence at £0 and First Registration Fee at £55. Other goods or services supplied by agreement between the customer and the Dealer are not included. † Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, the battery, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase weight and decrease range figures.

Z Loading height	1,129
Z1 Loading length	1,476
Z2 Loading length at floor / with option folding passenger seat	1,731 / 2,502

[^]Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass, Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload, and may increase CO₂ and decrease MPG figures.

*Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company van Tax Benefit in Kind go to www.renault.co.uk *Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures.

[†] Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption.

For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Van Tax Benefit in Kind go to www.renault.co.uk

[^] Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures.

*All prices shown are the manufacturer's recommended retail prices. The "On The Road" price Includes delivery to the dealer premises, number plates, one one-litre bottle of oil and one four-litre bottle of AdBlue® starter pack, 12 months government road fund licence at £250 (or £165 for vans with a GVW of more than 3.5 tonnes) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included.

† Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Car & Van Tax Benefit in Kind go to www.renault.co.uk

*All prices shown are the manufacturer's recommended retail prices. The "On The Road" Price Includes delivery to the dealer premises, number plates, a one-litre bottle of oil and a four-litre starter pack of AdBlue including funnel, 12 months government road fund licence at £250 (or £165 for vans with a GVW of more than 3.5 tonnes) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures. † Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Van Tax Benefit in Kind go to www.renault.co.uk

Unless otherwise stated, dimensions are indicated in mm and weights in kg. [^]Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue[®] tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures.

*All prices shown are the manufacturer's recommended retail prices. The "On The Road" Price Includes delivery to the dealer premises, number plates, a one-litre bottle of oil, four-litre AdBlue® starter kit, 12 months government road fund licence at £250 (or £165 for vans with a GVW of more than 3.5 tonnes) and First Registration Fee at £55. Other goods or services supplied by agreement between the customer and the Dealer are not included. No CO₂ or MPG data published for base Platform Cab as the final kerb weight of the vehicle is not defined until the body is fitted. **On the road Price is less expensive than the total retail price due to the PIVG Government Grant. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue® tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures. † Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Van Tax Benefit in Kind go to www.renault.co.uk

● = Standard (therefore no cost) ○ = Optional - = Not available #Manufacturer's recommended retail prices.

(1) On the Box Van and Luton LoLoader versions, only the base chassis is painted. The box will remain white. If your box is required to be painted, please contact your local dealer to get a quote. (2) For list of compatible Bluetooth devices visit <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>. (3) On FWD 110 and 125 versions, cannot be ordered with climate control or manual air conditioning, on FWD 135 and 165 versions must be ordered with climate control or air conditioning. (4) Not available on Master Z.E., Quickshift6 or High Roof versions nor on Platform Cabs, Luton Loaders, 17 seat Minibus / Trabus & Motorhomes or with Air Suspension. (5) Only available on 3.5T Chassis Cab Single Cab, Dropside Single Cab, Dropside Double Cab & Panel Vans. Must be ordered with a locking differential and is not available with Power Take Off, MediaNav, Lane Departure Warning, Automatic High-Low Beam or 4.5T versions. Due to the weight of the 4x4 system selecting this option will reduce your payload. (6) Standard on Twin Turbo ENERGY engines. (7) Standard on 4.5T versions and the digital tachograph needs to be calibrated by the dealership on hand-over. (8) Not available on 4.5T versions. (9) Not available on 22m3 Box vans. (10) Increase idle speed and Power take off - gearbox cannot be ordered together. (11) Not available on Quickshift versions. (12) Only available on Twin RWD Versions. (13) Not compatible with ECO Mode and Increased Idle Speed. (14) Not available on twin RWD versions. (15) Can only be ordered with R-link. (16) Cannot be ordered with front passenger airbag or front lateral curtain airbag. (17) Not compatible with MediaNav or R-Link. (18) Requires MediaNav. (19) Manual air conditioning and Climate control cannot be ordered together. (20) Standard on Twin RWD versions of Tipper and Dropside. (21) Cannot be ordered with Front lateral curtain airbag. (22) Not available on RWD. (23) Not available on FWD. (24) Requires 16W integrated door mirror mounted side repeater lamps. (25) Not available on ENERGY and Quickshift Engines on Platform Cab versions. (26) Requires to be taken with Long Wiring Loom and Battery Interface. (27) Requires to be taken with B-Pillar Wiring Connect Point. (28) Requires Battery Interface and CAN Interface Unit. (29) Not compatible with Air Suspension. (30) Requires Battery interface. (31) Not compatible with Start & Stop. (32) Not compatible with all weather tyres.

Unless otherwise stated, dimensions are indicated in mm and weights in kg. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures.

Unless otherwise stated, dimensions are indicated in mm and weights in kg. [^]Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to a 5% manufacturing tolerance and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, could result in a higher Kerb Mass and a reduced Payload, and may increase CO₂ and decrease MPG figures.

FWD LM39 ENERGY dCi 165 Trabus	165	240	26.9	32,150	6,430	38,580	£39,436

*All prices shown are the manufacturer's recommended retail prices. The "On The Road" price Includes delivery to the dealer premises, number plates, a one-litre bottle of oil and a four-litre starter pack of AdBlue® including funnel. 12 months government road fund licence (depending on CO₂ emissions) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included. † Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single vehicle. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Van Tax Benefit in Kind go to www.renault.co.uk

Renault Services

3 Years Warranty

Your vehicle is covered by a warranty package for up to 3 years from date of first registration (unlimited mileage during the first 24 months, followed by a further 1 year limited to a total mileage of 100,000). Your Renault Dealer or Renault Z.E. Dealer is able to repair or replace without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for 3 years and the anti-corrosion warranty for 12 years. Master anti-corrosion warranty runs for 6 years.

For Warranty Terms and Conditions please visit www.renault.co.uk/warranty

3 Years Renault Assistance

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault Dealer or Renault ZE Dealer. This service is available 24 hours a day and is provided for 36 months from the date of first registration (or the duration of the battery lease for Kangoo Z.E. if greater than 36 months). Assistance is provided within the UK & Northern Ireland only at roadside, home and includes national recovery and onward travel. Assistance applies to mechanical or electrical defects which are covered by warranty.

For Renault Assistance and Renault Z.E. Assistance Terms and Conditions please visit www.renault.co.uk/assistance

Renault Network Services

No-one is better placed than Renault to maintain, fit and repair your Renault, fast. The Renault Minute (maintenance and repair with no appointment necessary) and Renault Rapide Bodycare (bumper scuffs, dings and dents, windscreen, stone chips and interior repairs...) services deliver the highest level of repair and maintenance and offer a full year's guarantee on Original Renault Parts. And don't forget to have a look at our wide range of additional equipment and accessories!

Renault iCare

Renault iCare is an innovative Service, Maintenance & Repair product that supplies Business customers with a fully supported, managed hassle free service and maintenance package.

Renault iCare is a "Pay-As-You-Go" product that insures your vehicle is maintained by Renault technical experts when work is required.

iCare provides the following benefits:

- Full Service, Maintenance & Repair cover in the Renault Dealer Network
 - Tyres can be included within the contract at an additional fixed cost
 - Ancillary equipment can also be included (at an additional fixed monthly cost)
 - Excludes: Damage/Neglect/Abuse/Glass & Bulbs
- A fixed, pre agreed pence per mile rate
- No excess mileage charges at the end of the contract
- No pooled mileage administration
- Minimalise downtime

For more information and to obtain a quote based on your requirements, please speak to your local Renault Business dealer or visit www.renault.co.uk/icare

Customer Relations

Renault knows the value of communicating with its customers and we have established effective ways to keep in touch with you. If, after speaking to your local Renault dealership, you are not completely satisfied, please contact the Renault UK Customer Relations Department on 0344 3350000* (Mon-Fri 9.00am to 5.30pm, except Weds 10.00am to 5.30pm. Closed on Bank Holidays). You can also visit our website www.renault.co.uk or write to us at: Renault UK Ltd, The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.

Finance options*

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

Although every effort has been made to ensure that the information contained within this brochure is as accurate and up to date as possible, Renault U.K. reserves the right to modify its models without notice, including their characteristics, specifications, equipment and accessories. Brochures inevitably become out of date or inaccurate in some respects, in that such characteristics, specifications equipment, or accessories may be changed after the publication date given below and can differ from the descriptions given or the photos displayed. It is therefore necessary to check with your Renault Dealer before purchasing any product that the characteristics, specifications, equipment or accessories of the vehicle on order are as advertised.
