MOTORSPORTS IN ITS GENES

New MEGANE R.S. & R.S. Trophy assert their sporty personality thanks to a design and custom equipment directly inspired by motorsports. F1 type blade, Full LED Pure Vision lights, wheel arches widened by 60 mm in the front and 45 mm at the back, side air extractor vents, central exhaust, shark fin antenna, spoiler and rear air vent provide an exclusive design to aid performance. Unique lines with customisation options based on a wide choice of colours and specific wheel rims. For even more exclusive features, emphasise the sporty nature of New MEGANE R.S. with 19" diamond cut Interlagos rims. And assert the ultra-sporty DNA of New MEGANE R.S. Trophy, fitted with Brembo red brake callipers thanks to 19" Fuji Light wheel rims*.

A SPORTS COCKPIT

An uncompromising sportiness which is also expressed in the cockpit. New 10" customisable TFT Drivers information display, R.S. custom leather steering wheel⁽¹⁾ with paddle shifters, aluminium pedal unit and footrest, short gear lever... high performance materials and finishes which, in an exclusive Carbon Grey setting, contribute to a unique driving pleasure.

As an option, the Alcantara Pack (upholstery in Alcantara® R.S. with red, black and technical grey contrast stitching, steering wheel in semi-Alcantara®) on MEGANE R.S., and Recaro bucket seats in Alcantara® on MEGANE R.S. Trophy, help to keep you in the perfect driving position.

TECHNOLOGY CONTRIBUTING TO PERFORMANCE

300 hp / 420 Nm / 5.7 s from 0 to 62 mph

HIGH PERFORMANCE TECHNOLOGIES

300 hp! Equipped with technology from F1[®], the direct injection 1.8L engine is fitted with a turbocharger with turbine mounted on a ceramic ball bearing. Combined with a dual-clutch EDC automatic gearbox, it provides a torque of 420 Nm and reduced response time for increased efficiency. An engine performance helped by the exhaust line. Controlled according to the engine speed, load and the R.S. Drive mode chosen (Sport or Race), the valve in open position allows the engine full expression.

Thanks to the 4CONTROL system with 4-wheel steering and 4 hydraulic compression stops, New MEGANE R.S. & R.S. Trophy provide optimum road holding and grip.

Fitted with the Sport chassis, New MEGANE R.S. combines comfort and high performance for sporty driving every day.

Thanks to its Torsen[®] limited slip mechanical differential and its dual material front brake discs which reinforce the performance of its underslung Cup chassis, New MEGANE R.S. Trophy offers the best in Renault Sport technology. Brembo[®] brake callipers, Recaro[®] bucket seats in Alcantara^{®(1)} and Bridgestone S007 tyres⁽²⁾ provide optimum efficiency whatever the field of play.

(1) Optional. (2) Available only with 19" Fuji Light aluminium wheel rims.

HIGH PRECISION DRIVING

A driving pleasure enhanced by technologies exclusive to Renault Sport:

1. 4CONTROL system: With its 4-wheel steering, this system makes your driving safe and accurate. At low speeds, the system turns the rear wheels in the opposite direction to the front wheels for greater agility. At speeds of over 37 mph (62 mph in Race mode), all four wheels turn in the same direction guaranteeing you optimum stability at all times.

2. R.S. Drive: Customise your driving experience! Thanks to the MULTI-SENSE technology and the R.S. Drive button, you can change from Sport mode to Race mode in an instant.

1.

2.

IMPROVED SAFETY

The various driving aids fitted to New MEGANE R.S. and R.S. Trophy allow you to travel every day in perfect safety. An example? The **lane departure warning** system warns you if you cross a continuous or discontinuous white line without indicating. Also, by combining the side light, long-range headlights, fog lamps and inside of turns lighting functions, the **R.S. Vision Full LED** headlights (technology exclusive to Renault Sport) provide high performance lighting.

1. Pedestrian AEB: The active emergency braking maximises your safety by warning you of any risk of collision. Now able to detect cyclists and pedestrians, the system takes charge of the braking system if you do not react sufficiently quickly or at all.

(1) Fuel consumption and CO₂ emissions are certified using a standard, regulated method. It is identical for all manufacturers and allows vehicles to be compared. (2) WLTP (Worldwide Harmonized Light Vehicle Test Procedures): this new protocol provides results much closer to those found in daily use compared to the NEDC protocol. (3) The payload indicated is at the lowest equipment level.

Quality

“Through the expertise of the Renault Sport Cars engineers, MEGANE R.S. is a unique vehicle. Equally suited to road and racing circuit, its versatility makes daily trips a pleasure. Its exceptional performance - in the Trophy-R version – gives it the highest pulling power ever produced with the record for the mythical Nürburgring circuit in particular.”

Robert Bonetto - Managing Director Renault Sport Cars

Quality at first sight

Quality production and in-plant assembly bring the work of the design teams to life. Industrial exactitude is applied to every detail, such as on the R.S. Vision Full LED lighting system integrated directly into the bumper including two multi-reflector units each incorporating nine LEDs.

Quality, down to the smallest details

The interior is the result of meticulous work to select high-quality materials, like the leather* upholstery in Alcantara assembled by hand with red contrast stitching. These help to keep you in the perfect driving position.

*Bovine-sourced leather.

Proven performance

With the 4CONTROL system, New MEGANE R.S. and R.S. Trophy benefit from cutting-edge technology to provide optimised road holding through their 4-wheel steering systems. Combined with the Sport or Cup chassis, your driving will be safe and accurate.

Renault Sport Network

Within the Renault Sport Network, take advantage of personalised support from handover to servicing including the installation of accessories. Our sales staff and technicians have undergone specialist training guaranteeing the quality of our services.

Accessories

1. Chrome Door Mirror Shells*. Add a touch of style and personality to your MEGANE R.S. with chrome-finish wing mirror covers.

2. R.S. valve cap. Customise your wheel rims even more with these custom caps decorated with the Renault Sport logo.

3. R.S. premium mats. Protect your New MEGANE R.S. in style. Specially designed for the vehicle, these mats fix simply onto two safety clips and do not interfere with the pedals.

4. Induction charger. No matter how long your journey, stay connected with the integrated induction smartphone charger.

*This accessory requires registration of the vehicle before fitment.

Accessories are fitted post-production and may have an impact on real world fuel (actual) consumption and CO₂ figures.

For more information and additional accessories, consult the MEGANE accessories brochure. For prices, please refer to Renault Car Price Guide.

Finance options***

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

Renault car insurance¹

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car. Unlike most other UK insurers, in the event of an accident, Renault Insurance will have your Renault repaired at a Renault Approved Bodyshop using only Renault approved parts and approved repair methods. This maintains your Renault's safety rating, protects its resale value and preserves its Renault warranty⁴. Renault Insurance also offers a courtesy car for the duration of a repair at a Renault Approved Bodyshop.
