## Seductive style

Sensual lines, dynamic profile, sculpted sides and assertive presence. From the first look, CLIO attracts you with its dynamic and desirable style. With its tidy finishes, it combines modernity and robustness: C-shaped signature, full LED lighting, finely integrated chrome finishes, brilliantly showcased in the optional signature Valencia Orange metallic colour.

Image includes optional TECHNO pack on R.S.Line

## A perfect smart cockpit

On the interior, every detail counts. CLIO has undergone a revolution, offering quality materials and finishes. With its new high-tech, driver-orientated cockpit and sporty seats, enjoy a driving experience which will awaken your senses. Settle into the future at the wheel of CLIO and stay ahead with a large multimedia 9.3" touchscreen\*.

\* Standard on MY21.5 R.S. Line.

Image includes MULTISENSE, standard on E-TECH Launch Edition.

## Driving pleasure and comfort on board

The CLIO offers a large choice of engines. With petrol and E-TECH powertrains available across all trim levels, CLIO achieves top-level performances whilst ensuring impressive fuel consumption.

Thanks to its dynamic chassis, and its direct and precise steering, no more boring roads!

The driver will not be the only one smiling on board: the suspension and soundproofing have been improved for everyone's comfort.

## Renault CLIO R.S. Line: stand out through sportiness!

CLIO R.S. Line stands out with its sportiness, which it gets from its Renault Sport DNA. The exterior design sets the tone: sporty front bumper with F1 blade emblematic of R.S. Models, bee hive lower grille, Glossy Black insert on grille, 17 inch R.S. Line Diamond Cut Alloy wheels, rear underskirt with spoiler and oval chrome exhaust finisher. This unique personality is summed up by the R.S. Line badge on the front wings and boot door.

The cockpit confirms this sporty character with a carbon look enhanced by red contrast stitching: sport seats with strengthened side supports, perforated leather sport steering wheel with double diamond, aluminium pedal unit, dashboard and seat belts with a striking red line. The black ceiling and the driver-focused high-tech cockpit complete this resolutely sporty and technological atmosphere. Passion stimulated by every detail.

Smart Cockpit,  
technology at  
your fingertips

## Stay connected... in total freedom!

At the heart of the cockpit, the EASY LINK system\* offers the largest screen in its category\*\*, and is totally customisable. Perfectly integrated with the Renault EASY CONNECT universe, it all starts before you have even stepped inside. Thanks to the MY Renault smartphone application, you can plan your trips in advance and send your destination to the car.

Once on board, the EASY LINK system, compatible with Android Auto™† or Apple™ CarPlay™†, gives you access to all your multimedia content in the blink of an eye.

The onboard navigation delivers a huge amount of information in real time: traffic density, to incidents or service stations on your journey\*\*\*. As simple and effective as Google Maps: the Google address search! All you need is two or three key words to search your destination, you do not have to know the exact address.

Thanks to the Auto-Update function, you can be sure that your system and TomTom mapping are automatically updated.

† Android Auto™ is a trademark of Google Inc. Apple CarPlay is a trademark of Apple Inc.

\* Standard on all trim levels.
