

Stay connected... in total freedom!

At the heart of the cockpit, the EASY LINK system offers the largest screen in its category*. Perfectly integrated with the Renault EASY CONNECT universe, it all starts before you have even stepped inside. Thanks to the MY Renault smartphone application, you can plan your trips in advance and send your destination to the car.

Once on board, the EASY LINK system, compatible with Android Auto™† or Apple™ CarPlay™†, gives you access to all your multimedia content in the blink of an eye.

The onboard navigation delivers a huge amount of information in real time: traffic density, to incidents or service stations on your journey**.

As simple and effective as Google Maps, all you need is two or three key words to search for your destination on the Google address search.

Thanks to the Auto-Update function, you can be sure that your system and TomTom mapping are automatically updated.

† Android Auto™ is a trademark of Google Inc. Apple CarPlay is a trademark of Apple Inc.

*9.3" screen standard on R.S. Line & E-Tech engineered, 7" screen standard on Evolution & Techno.

**Navigation standard on Evolution, Techno, R.S. Line & E-Tech Engineered.
