TAKING A BREAK EVERY DAY DACIA WITH SANDERO STEPWAY

Dacia Sandero Stepway reaffirms its crossover style: take escapism to the next level thanks to the new Extreme finish, which gives the vehicle an even stronger off-road look.

A SENSE OF ADVENTURE

A single glance and you are already itching to escape with Dacia Sandero Stepway. Its sculpted bonnet, bold front end, protective features and high ground clearance give it the dynamic and robust style of an authentic crossover. Its LED headlights, Y-shaped brand light and glossy black grille give it even more character.

Live the adventure thanks to its Extreme finish with an even more prominent outdoor spirit: Copper Brown door mirrors, alloy wheel rims and Glossy Black shark fin antenna. A unique style topped with distinctive elements featuring topographical patterns to better identify it. And with Extended Grip, which improves traction, get off the beaten track.

WELL-DESIGNED COMFORT

All the technological features you need: climb aboard effortlessly thanks to keyless entry and discover the style of the new passenger compartment. In the Extreme finish, the interior features new, easy to clean, mixed TEP MicroCloud fabric upholstery, with a soft-touch velvet appearance also present on the instrument panel and armrests. The Copper Brown touches and topographic lines recalled on the rubber floor mats complement the vehicle's unmistakable outdoor spirit.

In terms of equipment, enjoy the height- and depth-adjustable seats and steering wheel, the electric parking brake and a closed storage space in the armrest: practicality and comfort combined. Connect your smartphone and use your preferred applications on the 8-inch touch screen. The controls, all placed within easy reach, provide maximum ease of access to all functions.

VERSATILE CROSSOVER

Dacia Sandero Stepway rises to the challenge of real life: thanks to its large extendible boot, switch from city life to adventure in a flash. And you still benefit from the latest devices that allow you to drive with complete peace of mind.

THE SPACE YOU NEED TO FIT ALL YOUR WISHES

Fold down the seats with a single touch, adjust the loading capacity as required and live life to the full.

Thanks to an ingenious system, effortlessly convert your roof bars into transverse roof bars to fit a roof compartment, a bicycle rack or a ski rack. Ready to take on the world? Let's Go!

SAFE EVERY STEP OF THE WAY

For Dacia, nothing is more important than constantly improving the safety of our vehicles, and most of all, that of the passengers. What with automatic emergency braking, hill start assist, six airbags (standard) and blind spot sensor, you can relax. Sandero Stepway provide everything you need for worry-free driving.

AUTOMATIC EMERGENCY BRAKING

Sometimes, concentrating and being reactive is not enough. You can rely on Sandero Stepway to avoid or mitigate minor accidents. Automatic emergency braking detects collision hazards. If you don't react or if you don't react quickly enough, your system triggers and optimises braking.

BLIND SPOT WARNING

It's difficult to see everything when you change lanes. Equipped with side, front and rear sensors, your Sandero Stepway warns you in the event of a risk of collision with another vehicle from the side or rear.

FRONT/REAR PARKING SENSORS AND REAR-VIEW CAMERA

In the city, all parking spaces are worth taking, even the narrowest ones. You will be won over from the first manoeuvre by the sensing device that warns you with an audible and visual signal as soon as an obstacle is detected at the front or rear of the vehicle.

HILL START ASSIST

No need to stress when you start on a slope! This function immediately prevents the vehicle from moving backwards when you release the brake pedal. You no longer have to grab the parking brake to help you; manoeuvring your vehicle is as easy as ABC.
