A photograph of a store window display. On the left, a mannequin stands wearing a yellow jacket, a brown bag, and white pants. Behind it is a large sculpture of a bear's head. The window is set in a building with dark, textured walls and classical columns. The text 'URBAN STYLE' is written diagonally across the upper part of the window. The text 'Inspired by the multifaceted perfection of a diamond, the expressive, sculpted lines of the Toyota C-HR make it a cut above the rest.' is written diagonally across the lower part of the window. The number '8' is in the bottom left corner.

A detailed view of the driver's perspective inside a Toyota C-HR. The dashboard features a large, tilted touchscreen displaying a navigation map with a red route line and various icons. Below the screen are air vents and a digital display showing '21.5' and '21.0'. The steering wheel is black with the Toyota logo in the center and multiple control buttons. Behind the wheel are two analog gauges: a tachometer on the left and a speedometer on the right. The car's interior is dark with blue ambient lighting accents. Through the windshield, a city street at night is visible with streetlights and buildings.

LIVE AND CONNECTED

A WORLD OF INFORMATION AND ENTERTAINMENT AT YOUR FINGERTIPS

TOYOTA
TOUCH® 2*

The Toyota Touch® 2 multimedia system features an easy-to-use high resolution 8" colour touchscreen. It lets you access and monitor a range of information related to your car. From viewing trip data and climate control settings to customising a number of functions, such as door locks and lighting, you'll find everything you need to make your journeys more comfortable. The system also helps to take the stress out of parking with a reversing camera display.

The Toyota Touch® 2's advanced audio system lets you appreciate your favourite music in rich quality, and view album, artist and track information clearly, all via convenient Bluetooth® or USB connections. Additionally, your audio options can be accessed through the clear touchscreen, letting you select a wide choice of DAB+ stations, so you can appreciate the full, crystal-clear multimedia experience with ease.

TOYOTA TOUCH® 2 WITH GO^s

Now with three years' free map care and connected services.

Toyota Touch® 2 with Go adds enhanced full-map navigation as well as class-leading connected services, delivered through its wide range of apps. Intuitive navigation provides clear visual display of signposts, junctions and lane guidance as well as speed limit and speed camera warning.

The new Auto Navigation function lets you programme up to four destinations, for each day of the week. So when you set off within a departure window, your chosen destination will be automatically activated and a route plotted. The system will also show you traffic information, making your daily commutes less of a grind.

In addition, the enhanced multimedia offering available on Excel and Dynamic grades includes features such as 3D maps, voice recognition and text-to-speech.

Compatibility and synchronisation: Device synchronisation and compatibility may depend on a number of factors including the device being used, software versions installed, inbox size and your mobile network. All features are developed to industry-wide standards. Toyota cannot guarantee that all devices will operate or be compatible with our vehicles.

EXPECTING THE UNEXPECTED

Uncompromising protection, come rain or shine, with Toyota Safety Sense technologies standard throughout the range.

Pre-Collision System with Pedestrian Detection

When the risk of a collision is detected, audio and visual warnings and brake assistance are activated.

If the driver fails to respond in time, the brakes automatically engage to either prevent or mitigate a collision.

Lane Departure Alert

Detects lane markings in the road ahead and alerts the driver with audio and visual warnings – and steering support if necessary – should the vehicle start to deviate from its lane without the turn indicator being applied.

Automatic High Beam

Detects the lights of oncoming vehicles and traffic ahead while monitoring the brightness of streetlights, to allow automatic switching between high and low beam for safer night-time driving.

Road Sign Assist

Monitors on-coming road signs and clearly displays information such as current speed limits. The system also provides a visual and audio warning if the driver fails to follow the road sign indication.

Adaptive Cruise Control

Automatically adjusts speed and maintains a safe distance from the vehicle in front, reducing the burden on the driver during long motorway journeys.

PROTECTION PACK

The Protection Pack helps keep your Toyota C-HR in showroom condition. The stainless steel rear bumper protection plate helps prevent scrapes and scratches when loading items into the boot, while the boot liner prevents damage to the boot carpet. These are combined with front and rear mud flaps, which are designed to protect your car from mud, spray and stone chips.

Toyota C-HR towing packs consist of a vertically detachable tow bar, with a choice of either a 7- or 13-pin dedicated Toyota genuine wiring kit.

Features

- 725–1300 kg towing capacity depending on engine type (the tow bar is designed for your car's maximum towing capacity).
- Supplied with a protective tow-ball cap bearing the Toyota logo.

- All Toyota tow bars can be used to support the 2-bicycle version of the Toyota rear bicycle holder.
- With the detachable tow bar, a smart plastic cover is supplied to place over the base when the hook is removed.
- On the detachable tow bar, the hook attaches or removes by means of a turning knob that also incorporates a security lock.

Tow bars - detachable

Safety for you and your car is at the heart of the Toyota tow bar wiring harness. Individually designed for each Toyota model, the harness seamlessly integrates your car's lights and signals with those on a towed trailer or rear bicycle holder.

Tow bar wiring harness

Features

- The harness has independent circuitry and a fused module to eliminate the risk of overloading your car's existing electrical system.
- The fused module prevents a fault in the trailer's circuitry affecting your car's systems. For instance, your car's indicators will continue working even if those on the trailer fail.
- Toyota specialists designed the cable route to safely avoid contact with moving car parts, heat, irregular surfaces and metal edges.
- There are no loose or hanging cables that could catch on road obstacles or interfere when loading or unloading the boot.
- Strategic reinforced cable protection guards against accidental damage and the consequent risks of lighting failure or fire caused by electrical shorting.

OWNING YOUR NEW TOYOTA C-HR

Servicing your Toyota

Toyota Fixed Price Servicing means you will be sure to know the cost of your service up front. Expertly trained technicians using only genuine Toyota parts will carry out your service at one of over 200 Authorised Toyota Service Centres. The technicians will advise you on the correct service for your car based on the car's age, mileage and service history.

For more information visit toyota.co.uk/service

Service Plans

Inflation-proof pricing with a monthly or one-off payment plan means one less thing to worry about. With Toyota Service Plans the price you're quoted is guaranteed for the duration of your plan. The service, parts and labour are all paid for either in monthly instalments or as a one-off payment at the beginning of your plan.

Toyota Accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort and practicality. Also, because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has a 5-year warranty when purchased together with the vehicle.

Toyota Roadside Assistance

When you buy a Toyota you will automatically receive 12 months' AA Roadside Assistance in the UK and Europe, free of charge; after the first year the cost of Toyota Roadside Assistance is £7 per month when paid by monthly Direct Debit, £72 per annum if paid by annual Direct Debit or £76 per annum when paid by all other payment methods.[§]

For full terms and conditions please visit toyota.co.uk/roadsideterms

5-Year Toyota Warranty

Every new Toyota comes with a 5-year/100,000-mile (whichever comes first) manufacturer's warranty, covering you against the unlikely event of a manufacturing defect causing a mechanical fault.

For full details, please ask your official Toyota Centre or visit toyota.co.uk/5yearwarranty

Corrosion Cover

The 12-year unlimited mileage cover protects against rust perforation affecting sheet metal body panels as a result of a manufacturing fault. This warranty can also be transferred to any future owner throughout the 12-year period.

Rust and Paint Cover

The 3-year unlimited mileage cover protects against defects and surface rust as a result of a manufacturing fault.

* Features on desktop and app vary.

Toyota Business + Plus

Toyota Extended Warranty

You have the choice of either the low-user option that restricts you to 15,000 miles per year or 12 months whichever comes first or the 12-month unlimited mileage cover. You also have a choice between 12 and 24 months' cover (subject to vehicle eligibility). The 24-month option will show a saving over two 12-month Toyota Extended Warranty policies and is available with the low-user option at 30,000 miles or 24 months whichever comes first.

The Toyota Extended Warranty can be renewed until the vehicle is 12 years old with less than 100,000 miles at point of sale, and if a part covered by the Toyota Extended Warranty suffers electrical or mechanical failure at any time during the term, Toyota is committed to fixing it. You don't pay for replacement parts or labour.

Quoted mpg & CO₂ figures: All mpg and CO₂ emissions figures quoted in this brochure are sourced from official EU-regulated test results. These are provided for comparability purposes only and may not reflect your actual driving experience. Fuel consumption varies significantly depending on a number of factors, including driving style, conditions, speed and vehicle weight. In order to allow consumers to compare and make an informed choice between one vehicle and another, there is a European Commission standard (93/116/EC and 692/2008) to measure fuel consumption. This common standard must be adhered to by all manufacturers selling motor vehicles in the EU and is the basis for fuel consumption figures published by each manufacturer. For further information please visit www.dft.gov.uk/vca/fcb/faqs-fuel-consumption.asp or speak to your local Toyota Centre.

The use of the term 'Toyota Accessories' should not be taken to imply that the products on the accessory pages are actually manufactured by the Toyota Motor Corporation or Toyota (GB) PLC. Toyota (GB) PLC is continually updating and changing specifications of accessories and reserves the right to do so at any time without prior notice.
